Portfolio:

## Objective

Enthusiastic and skilled Front End Developer with a solid foundation in HTML, CSS, JavaScript, and modern front-end frameworks. Seeking to leverage my skills and experience to contribute to innovative projects and grow in a dynamic and challenging work environment.

## Education

### Higher Secondary Certificate (HSC)

Ali Ahmed School & College, Khilgaon, Dhaka

Completed: 2022

GPA: 4.00/5.00

### Secondary School Certificate (SSC)

Shambhupura High School, Narayanganj

Completed: 2020

GPA: 3.72/5.00

## Skills

- **Front End Development:** HTML, CSS, JavaScript, React.js, Angular, Bootstrap
- **Version Control:** Git, GitHub
- **Design Tools:** Adobe Photoshop, Figma
- **Other Skills:** Responsive Web Design, Cross-Browser Compatibility, SEO, RESTful APIs

## Work Experience

### Front End Developer Intern

Dokkin Banasree Behottor Dhaka Forum, Dhaka

- Assisted in the development and maintenance of the company website.
- Collaborated with the design team to create user-friendly web pages.
- Implemented responsive design to ensure the website was mobile-friendly.
- Used Git for version control and collaborated with other developers on GitHub.

### Freelance Front End Developer

- Developed custom websites for small businesses and individual clients.
- Designed and implemented responsive user interfaces.
- Improved website performance and SEO, leading to increased traffic and engagement.
- Utilized modern frameworks like JavaScript and Bootstrap to enhance user experience.

## Projects

### Project Name

Coffee shop : [https://mdsaifulisl.github.io/coffee\\_shop\\_place/](https://mdsaifulisl.github.io/coffee_shop_place/)

- Check out my latest project: a fully responsive Coffee Shop website built with HTML, CSS, JavaScript, and Bootstrap. This site features a sleek design, intuitive navigation, and adaptive layouts that ensure a great user experience on any device. I focused on creating an inviting online presence that mirrors the cozy atmosphere of a coffee shop. Explore the site to see how modern web technologies come together seamlessly. Your feedback is welcome!

### Project Name

Burger Restaurant : <https://mdsaifulisl.github.io/Restaurant-project-/>

- I developed a dynamic and responsive burger restaurant website utilizing HTML, CSS, JavaScript, and Bootstrap. The site features an intuitive user interface with a seamless navigation experience across devices. It includes an interactive menu with engaging visuals and a user-friendly order system. I implemented responsive design principles to ensure optimal viewing on both desktop and mobile platforms. This project showcases my proficiency in front-end web development and my ability to create visually appealing, functional websites.

## Languages

- **Bengali:** Native
- **English:** Proficient
